**Departure location:**

Bayland Arby's/ Shell Station parking lot at corner of Hwy. 57&54 east side of Green Bay.  
Drivers meeting at 1:15pm Leave at 1:30 pm

**Event Details:** After leaving Bayland Shell we will take an approximately 45 minute ride on the back roads of Kewaunee County thru Kewaunee river valley and then follow Lake Michigan shoreline as we make our way north to Algoma. We will stop at the von Stiehl winery where we will get a complementary tour, tasting and discounts(see PDF attachment they sent us last year and are honoring this year). Beer drinkers have no fear as von Stiehl is now brewing their own beer under the Ahnapee Brewery banner and serving two doors down from winery. We will get there shortly before 2:30pm and have our tour and tasting which will take about an hour. We can relax and enjoy some wine in the 3<sup>rd</sup> floor lounge above the winery or outside on the patio depending on the weather until about 4:30 where you will have the option to go with us to grab a meal at Skaliwags restaurant. Skaliwags has been featured in the Press Gazette and Green Bay TV stations as the "Crazy little dive bar with 5 star food". Due to the popular responses about the trip we are anticipating a large group so we may not all be able to have our food at the same time while we are seated at the table. Both Skaliwags kitchens combined have served as many 190 plates of food in one night on weekends so volume is not the issue, it's timing with a large group. Your patience will be rewarded with a tasty meal!

von Stiehl Winery  
115 Navarino Street
